#### Responsibilities:

#### **About Role**

We're in search of an intern to bolster our impact team. This role involves hands-on ground research for Pollinate Group, utilizing surveys, focus group discussions, in-depth interviews, and secondary data to compile impactful reports for each project. The intern will collaborate closely with our M&E executive, contributing to the drafting and finalization of comprehensive company reports based on the research findings. Join us in making a meaningful impact!

## **Key Responsibilities:**

- Contribute to SUR's annual impact survey by conducting in-depth interviews and focus group discussions in Pollinate's operational areas. Collaborate with the Pollinate M&E executive to draft a comprehensive report.
- Engage in community/product needs assessment surveys, in-depth interviews, and focus group discussions in Pollinate's working locations. Draft a detailed report with the guidance of the Pollinate M&E executive.
- Facilitate SUR's exit survey, incorporating in-depth interviews and focus group discussions in Pollinate's operational locations. Work alongside the Pollinate M&E executive to produce a comprehensive report.
- Conduct customer impact surveys and research for SUR's market analysis, utilizing in-depth interviews and focus group discussions. Collaborate with the Pollinate M&E executive to draft a detailed report.
- Produce a distinct report focusing on SUR's market analysis, outlining challenges, opportunities, and insights.

## **Qualifications:**

- Passion for social business, renewable energy, women empowerment and dedication to transform the lives of the poor.
- Willingness to travel to the slum communities and interact with people
- Excellent spoken skills in local language, fluency in spoken English and Hindi (Spoken skills in any south Indian language would be an added advantage)
- Good problem solving and planning skills
- Ability to collaborate, communicate and attention to detail is a must in this role
- BA and MSW in relevant fields, Graduates / Undergraduates.
- Have excellent analytical and reporting skills required
- Proficiency in Microsoft Office
- Experience conducting field-research projects preferred
- Demonstrate a high level of flexibility and working independently
